

MedStar Family Choice - Maryland HealthChoice Prescribing Guide 2022 (710)

NOTE: Due to technical difficulties we are unable to post the full January 2023 formulary document at this time. Please refer to the October 2022 formulary document and the recent updates below.

UPDATE to the MEDSTAR FAMILY CHOICE FORMULARY

Maryland Health Choice

Changes for January 1, 2023

At the October 2022 Pharmacy and Therapeutics Committee meeting, the entire formulary was reviewed. At the November 2022 P&T meeting, additional modifications were made. The following is a summary of changes made for the MFC Maryland Health Choice 2022 Formulary:

Changes that will go into effect on January 1, 2023

Additions:

- Clotrimazole with Betamethasone Cream 1-0.05%
- Aubagio
- Vumerity
- Fluticasone Propionate HFA Inhaler
- Clindamycin Phosphate-Benzoyl Peroxide Gel 1-5%
- Insulin Degludec
- Glatiramer 40 mg

Additions with Prior Authorization: *

- Cerezyme
- Elaprase
- Poteligeo

- Ultomiris
- Sprycel
- Nurtec
- Mounjaro
- Enspryng
- Myrbetriq
- Entadfi
- Supprelin LA kit
- Palforzia

*Please see the PA Table on the MFC website for details of the requirements for approval and guidance on submission of clinical information.

Removals: *

- Tresiba
- Copaxone 40 mg brand

Removal of Prior Authorization:

- Tarceva
- Sutent

Managed Drug Limitations & Step Therapy:

- None
-

*Details of the Prior Authorization Criteria and the Step Therapy Criteria are combined on this website in the Prior Authorization Table.

* Members currently receiving medications that are being removed from the formulary will be grandfathered (permitted to continue therapy) for 90 days, except where otherwise indicated

(10/01/2022)

INTRODUCTION

MedStar Family Choice is pleased to provide the *2022 MedStar Family Choice - Maryland HealthChoice Prescribing Guide* to be used when prescribing for patients covered by the pharmacy plan offered by MedStar Family Choice. **This is a closed formulary and only those drugs listed in this formulary will be covered by MedStar Family Choice.**

The drugs listed in the *MedStar Family Choice - Maryland HealthChoice Prescribing Guide* have been reviewed and approved by the MedStar Family Choice Pharmacy and Therapeutics Committee. The drugs have been selected to provide the most clinically appropriate and cost-effective medications for patients who have drug benefits administered through MedStar Family Choice - Maryland HealthChoice. There may be occasions when an unlisted drug is desired for medical management of a specific patient. In those instances, the unlisted medication may be requested through the Medical Exception process.

*The information contained in this formulary and its appendices is provided solely for the convenience of medical providers. This formulary is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable. MedStar Family Choice does not warrant or assure accuracy of such information nor is it intended to be comprehensive in nature. This formulary is not intended to be a substitute for the knowledge, expertise, skill and judgment of the medical provider in his or her choice of prescription drugs. MedStar Family Choice does not assume responsibility for the actions or omissions of any medical provider based upon reliance, in whole or in part, on the information contained herein. **The medical provider should consult the drug manufacturer's product literature or standard references for more detailed information.***

PREFACE

The *MedStar Family Choice - Maryland HealthChoice Prescribing Guide* is organized by sections. Each section includes therapeutic groups identified by either a drug class or disease state. All drugs listed were selected to be on this formulary. Products are listed by generic name. Brand-name products are included as a reference to assist in product recognition. Unless exceptions are noted, generally all dosage forms and strengths of the drug cited are covered.

This formulary covers selected over-the-counter (OTC) products. You are encouraged to prescribe them when clinically appropriate. A prescription (written or telephoned) is required and refills are permitted. The prescription expires under Maryland Pharmacy Law in 12 months. Condoms do not require a prescription. For covered products refer to the Over-The-Counter (OTC) Drug Coverage section that is located near the end of the introductory sections of this formulary.

PHARMACY AND THERAPEUTICS (P&T) COMMITTEE

The MedStar Family Choice P&T Committee includes physicians, pharmacists, and nurses. The Committee meets bimonthly to evaluate drugs for formulary inclusion and to develop policies concerning formulary and drug utilization management. Please visit the MedStar Family Choice website at www.medstarfamilychoice.com to view the decisions of the MedStar Family Choice P&T Committee and any applicable changes. The main features of the MedStar Family Choice P&T Policies are also on the website in the FAQs.

Please visit www.marylandmedicaidpharmacyinformation.com/formulary_navigator.htm to view the *MedStar Family Choice - Maryland HealthChoice Prescribing Guide*. This Maryland Department of Health (MDH) sponsored site contains the formularies of all the Managed Care Organizations (MCO) and is updated frequently.

PRODUCT SELECTION CRITERIA

The MedStar Family Choice Pharmacy and Therapeutics Committee considers clinical information on new-to-market drugs that are typically included in an outpatient pharmacy benefit. The evaluation includes all or part of the following:

- Safety
- Efficacy
- Comparison studies
- Approved indications
- Adverse effects
- Contraindications/Warnings/Precautions
- Pharmacokinetics
- Patient administration/compliance considerations

When a new drug is considered for formulary inclusion, it will be reviewed relative to similar drugs currently on formulary. In addition, the entire *MedStar Family Choice - Maryland HealthChoice Prescribing Guide* is reviewed on an annual basis.

All the information in the MedStar Family Choice - Maryland HealthChoice Prescribing Guide is provided as a reference for drug therapy selection. Specific drug selection for an individual patient rests solely with the prescriber.

GENERIC AVAILABILITY

Boldface type of a generic drug name in this book indicates generic availability of that product. However, not all strengths or dosage forms of the generic name in boldface type may be generically available. In some cases, **the brand name listed is a generic drug**. Examples of the latter include Ery-tab and Zovia.

GENERIC SUBSTITUTION

Generic substitution is a pharmacy action whereby a generic version is dispensed rather than a prescribed brand-name product. An important consideration for generic substitution is the knowledge that all approvals of generic drugs by the FDA since 1984, and many generic approvals prior to 1984, have a showing of bioequivalence between the generic versions and the reference brand product. To gain FDA approval:

1. The generic drug must contain the same active ingredient(s), be the same strength and the same dosage form as the brand-name product.
2. The FDA has given the generic an "A" rating compared to the branded product indicating bioequivalence and has determined the generic is therapeutically equivalent to the reference brand. The ratings of generic drugs are available by referring to the FDA reference, *Approved Drug Products with Therapeutic Equivalence Evaluations* (Orange Book).

When the above two criteria are met, a generic can be substituted with the full expectation that the substituted product will produce the same clinical effect and safety profile as the prescribed product. Drug products that have a narrow therapeutic index (NTI) can also be guided by these principles. It is not necessary for the health care provider to approach any one therapeutic class of drug products (e.g., NTI drugs) differently from any other class, when there has been a determination of therapeutic equivalence by the FDA for the drug products under consideration. Also, additional clinical tests or examinations by the physician are not needed when a therapeutically equivalent generic drug product is substituted for the brand-name product.

It is recommended that generic substitution not be exercised by the pharmacist with multisource products that appear in the Orange Book and carry a "B" rating, indicating that these products cannot be considered therapeutically equivalent to other products in the group.

MAIL SERVICE PRESCRIPTIONS

Mail order is available for chronic medications. A 90-day supply will be provided to members using mail order services. To start the process, prescribers may call CVS Caremark Mail Service Pharmacy™ at 1-800-996-5772 or they may submit a prescription to the CVS Caremark Mail Service Pharmacy. Additional information can be found at the MedStar Family Choice website, www.medstarfamilychoice.com or at www.caremark.com.

Simply write the prescription(s) for a 90-day supply and have the member submit it with their mail-service request forms to the address listed on the Mail Service Order Form. Prescribers may also call 1-800-996-5772 to start the process.

Please note that medications ordered and processed through mail service are typically mailed to the member via U.S. regular mail. As such, please advise members to allow up to 14 days for delivery from the time mail service receives the request. Any prescriptions submitted to mail service for less than a 90-day supply may be returned to the member.

Members are also able to order their prescriptions from CVS Caremark Mail Service Pharmacy. Receiving a 90-day supply of medication by mail may prove to be more convenient for members, especially when filling prescriptions for routine or maintenance type medications. Mail service may also help members stay compliant with their medications.

MEDICAL EXCEPTION

If a non-covered drug is desired for medical management of a patient, a medication exception may be requested by calling MedStar Family Choice at: 1-800-905-1722. Option 2.

PRIOR AUTHORIZATION (PA)

The following drugs and generic versions, if available, require prior authorization. This list is subject to change.

Drugs requiring Prior Authorization		
ABECMA	IBRANCE	OXLUMO
ACTIMMUNE	ICLUSIG	oxymorphone ext-rel
ADCIRCA	IMBRUVICA	PADCEV
ALECENSA	JAKAFI	PEMAZYRE
ALUNBRIG	JIVI	PIQRAY

TYKERB	XALKORI	ZOLGENSMA
UBRELVY	XGEVA	ZONTIVITY
VAZALORE	XIIDRA	ZYDELIG
VENCLEXTA	XOLAIR	ZYKADIA
V-GO INSULIN INFUSION PUMP	XOSPATA	ZYNLONTA
VILTEPSO	XPOVIO	
	XTANDI	

MANAGED DRUG LIMITATIONS (MDL)

The Managed Drug Limitation program provides for a maximum quantity of drug product that a member may receive per prescription and/or over a specific period of time. Many drug products on the *MedStar Family Choice - Maryland HealthChoice Prescribing Guide* have quantity limits based upon the dosage described in product labeling.

MedStar Family Choice limits "new" opioid analgesic prescriptions to a 7-day supply. A "new" prescription means that a patient has not had an opioid medication filled under MedStar Family Choice in the preceding 90 days or had one short-acting opioid at ≤ 50 morphine milligram equivalents (MME) per day in the previous 90 days, filled within 7 days of a subsequent request. New prescriptions for more than 7-day supply will require Prior Authorization.

For complete information regarding the requirements of the Maryland Medicaid Opioid Drug Utilization Review for opioid prescribing, please visit:

<https://www.medstarfamilychoice.com/maryland-healthchoice/for-maryland-healthchoice-physicians/pharmacy/opioid/>

The following drugs are subject to MDL because they are typically not taken on a regular schedule and/or because of potential safety and utilization concerns. This list is subject to change. Contact MedStar Family Choice at 1-800-905-1722 for an updated list.

Drugs

albuterol sulfate aerosol powder breath-activated (PROAIR RESPICLICK)
 albuterol sulfate, CFC-free aerosol
 azelastine spray 0.1%
 azithromycin
 baloxavir (XOFLUZA)
 butalbital/acetaminophen
 butalbital/acetaminophen/caffeine (FIORICET)
 butalbital/acetaminophen/caffeine/codeine (FIORICET w/CODEINE)
 butalbital/aspirin/caffeine
 butalbital/aspirin/caffeine/codeine
 capsaicin crm 0.033%, 0.075%
 codeine sulfate tabs
 codeine/acetaminophen oral solution

 codeine/acetaminophen tabs

STEP THERAPY (ST)

Drugs indicated with a "ST" require Step Therapy authorization for coverage. When using drugs within select drug classes, this program requires a certain order to be followed for the "ST" designated drugs to be covered by your benefit plan.

Within the Step Therapy program, drug therapy is begun with the most cost-effective and safest drugs. If this initial therapy proves unsuccessful, treatment may move to other, more costly therapy. Step Therapy helps ensure that a plan member receives clinically appropriate, cost-effective medication.

The following drugs are subject to Step Therapy:

Drugs

EUCRISA
ivermectin lotion

OVER-THE-COUNTER (OTC) DRUG COVERAGE

In addition to prescription benefits, all over-the-counter medications on this list are covered by MedStar Family Choice with a written or telephoned prescription. Refills are permitted. Prescriptions may be written for the State limited 12 month maximum. OTC products covered are restricted to generics when available. Brand names are provided as reference only. If both prescription and OTC products are available, you are encouraged to prescribe OTC products when clinically appropriate.

Antacids

aluminum hydroxide	AlternaGEL
aluminum hydroxide/magnesium hydroxide	Alamag
aluminum hydroxide/magnesium hydroxide/simethicone	Maalox
calcium carbonate	Maalox
sodium bicarbonate	

Antifungals, Topical

butenafine	Lotrimin Ultra
clotrimazole crm 1%	Lotrimin AF
clotrimazole soln 1%	
miconazole	Desenex
terbinafine	Lamisil AT
tolnaftate crm 1%	Tinactin

Antifungals, Vaginal

clotrimazole	Gyne-Lotrimin
miconazole	Monistat

Antihistamines

cetirizine, except chewable	Zyrtec
chlorpheniramine	Chlor-Trimeton
clemastine	Tavist-1
diphenhydramine	Benadryl
fexofenadine susp, tabs	Allegra
loratadine	Claritin

Antihistamine/Decongestant Combinations

cetirizine/pseudoephedrine ext-rel	Zyrtec-D
chlorpheniramine/phenylephrine tabs	Cold & Allergy Relief
loratadine/pseudoephedrine ext-rel	Claritin-D

Cardiovascular, Miscellaneous

aspirin caps	Vazalore
niacin	
omega-3 fatty acids	Fish Oil
omega-3 fatty acids 300 mg	Krill Oil
omega-3 fatty acids/vitamin E	Fish Oil
omega-3 fatty acids/vitamins chewable	Omega-3 Gummies

Contraceptives, Barrier

condoms (prescription not needed)	
spermicide gel	Gynol II, Shur-Seal

Contraceptives, Emergency

levonorgestrel (prescription not needed)	Plan B One-Step
--	-----------------

Cough/Cold/Allergy**(OTC products not covered for members under 4 years of age)**

budesonide spray	
dextromethorphan gencaps, liquid	Robitussin Long-Acting Cough
dextromethorphan/chlorpheniramine liquid	Robitussin Children's Cough & Cold, Long-Acting
dextromethorphan/guaifenesin ext-rel	Mucinex DM
dextromethorphan/guaifenesin/pseudoephedrine liq 10 mg/100 mg/30 mg/5 mL	
dextromethorphan/guaifenesin syrup	Robitussin Cough + Chest Congestion DM
eucalyptus/menthol/compound rub	Vicks Vaporub

fluticasone mist
fluticasone spray
guaifenesin ext-rel
guaifenesin liquid
guaifenesin liquid
guaifenesin/pseudoephedrine ext-rel
oxymetazoline
phenylephrine
phenylephrine drops
pseudoephedrine
sodium chloride inhalation solution
sodium chloride nasal spray
triamcinolone acetonide spray

Flonase Sensimist
Flonase Allergy Relief
Mucinex
Diabetic Tussin
Mucinex for Kids
Mucinex D
Afrin
Neo-Synephrine
PediaCare
Sudafed
Simply Saline
Ocean
Nasacort Allergy 24HR

Diabetic Supplies

alcohol swabs
insulin syringes, needles
lancets, lancet devices

Gastrointestinal

esomeprazole magnesium delayed-rel
famotidine
famotidine chewable tabs
lansoprazole delayed-rel
omeprazole magnesium delayed-rel
omeprazole/sodium bicarbonate

Nexium 24HR
Pepcid AC
Pepcid AC
Prevacid 24HR
Prilosec OTC
Zegerid OTC

Gastrointestinal, Miscellaneous

bismuth subsalicylate
dextrose/fructose/phosphoric acid
dimenhydrinate
loperamide liquid, tabs
meclizine
ostomy supplies (\$75 maximum per claim)
probiotics (\$20 maximum per claim)
pyrantel
simethicone
witch hazel medicated pads/wipes

Pepto-Bismol
Emetrol
Dramamine
Anti-Diarrheal

Reese's Pinworm Medicine
Mylicon
Tucks

Laxatives/Stool Softeners

bisacodyl
docusate sodium caps
docusate sodium liquid
glycerin rectal suppository, adult
glycerin rectal suppository, pediatric
magnesium citrate
methylcellulose
mineral oil
polyethylene glycol 3350
psyllium/aspartame
sennosides 8.6 mg tablets
sennosides 15 mg tablets
sennosides/docusate sodium
sodium phosphate/sodium bisphosphate enema, adult
sodium phosphate/sodium bisphosphate enema, pediatric

Dulcolax
Colace

Citrucel

MiraLax
Natural Fiber
Senokot
Ex-Lax
Peri-Colace
Fleet Enema
Fleet Enema

Nutritional/Supplements

alpha-lipoic acid	Tums
calcium	Vitamin D3
cholecalciferol (D3)	Vitamin B12
cyanocobalamin tabs 1000 mcg	Pedialyte
electrolyte rehydrating soln	
ergocalciferol (D2) drops	
ferrous fumarate	Ferrimin 150
ferrous gluconate	Fergon
ferrous sulfate	Feosol
ferrous sulfate delayed-rel	Slow FE
iron/vitamin C	Vitron-C
lutein	
magnesium carbonate 1000 mg/5 mL	Magonate
magnesium oxide	Mag-Ox
multivitamins drops	
multivitamins/iron drops	
polysaccharide iron complex 150 mg	Nu-Iron 150
polysaccharide iron complex/vitamin B12/folic acid	Ferrex 150
prenatal vitamins/DHA/EPA/ferrous fumarate/folic acid	One Daily Prenatal
prenatal vitamins/folic acid	
pyridoxine 25 mg, 50 mg	Vitamin B6
sodium chloride tabs 1 gm	

Overactive Bladder

oxybutynin transdermal *	Oxytrol for Women
* Gender restriction - Coverage for females	

Pain & Fever

acetaminophen	Tylenol
aspirin 81 mg (not chewable)	Bayer
enteric coated aspirin	Ecotrin
ibuprofen	Advil
naproxen sodium	Aleve

Pediculocides

permethrin aerosol 0.05%	RID
permethrin 1%	NIX Creme Rinse

Radioactive Iodine Blockers

potassium iodide	Iosat
potassium iodide	Thyrosafe

Sleep Aids

doxylamine	Unisom
melatonin	

Topical, Acne

adapalene gel 0.1%	Differin
benzoyl peroxide	Panoxyl

Topical, Antibacterial

antibacterial cleanser bar, liquid cleanser, cleansing cloths	Cetaphil
bacitracin	
bacitracin/polymyxin B	Polysporin
chlorhexidine	Hibiclens

neomycin/bacitracin/polymyxin B	Neosporin
Topical, Ear	
carbamide peroxide	Debrox
Topical, Eye	
artificial tears	
ketotifen	Zaditor
olopatadine 0.1%, 0.2%, 0.7%	Pataday
Topical, Miscellaneous	
ammonium lactate 12%	Lac-Hydrin
calamine lotion	
capsaicin crm 0.033%, 0.075%	
coal tar shampoo	Neutrogena
diclofenac sodium gel 1%	Voltaren Gel
docosanol	Abreva
hydrocortisone crm, oint 0.5%, 1%	Cortizone
lidocaine crm 3%	
lidocaine crm 4%	LMX 4
lidocaine gel 2.5%	Afterburn Gel
lidocaine patch 4%	
oatmeal, colloidal	
oatmeal, colloidal/dimethicone	Aveeno
petrolatum/mineral oil	Eucerin
salicylic acid gel 3%	Keralyt
salicylic acid gel 17%	
salicylic acid pad, plaster 40%	
salicylic acid 17%/collodion	Duofilm
urea crm 10%, 20%, 30%, 40%	
urea lotion 10%	
wound dressing powder (\$200 maximum per month)	Stimulen
zinc oxide	Desitin

	colchicine/probenecid	
	probenecid	

OPIOID ANALGESICS

Practice Guidelines for Cancer Pain Management (includes WHO analgesic ladder) are available at:
<https://www.asahq.org>
<https://www.nccn.org>

Opioid guidelines in the management of chronic non-malignant pain are available at:
<https://www.asipp.org/ASIPP-Guidelines.html>

Note: MedStar Family Choice limits "new" opioid analgesic prescriptions to a 7-day supply. A "new" prescription means that a patient has not had an opioid medication filled under MedStar Family Choice in the preceding 90 days or had one short-acting opioid at ≤ 50 morphine milligram equivalents (MME) per day in the previous 90 days, filled within 7 days of a subsequent request. New prescriptions for more than 7-day supply will require Prior Authorization.

For complete information regarding the requirements of the Maryland Medicaid Opioid Drug Utilization Review for opioid prescribing, please visit:
<https://www.medstarfamilychoice.com/maryland-healthchoice/for-maryland-healthchoice-physicians/pharmacy/opioid/>
